INTERNET SEARCH TOOLS CONCEPT REVIEW

Directions: Use the Internet Search Tools PowerPoint and your graphic organizer as reference to answer the following questions

1. List three types of Internet search tools.
2. How does an individual search engine like **Google** or **Yahoo** differ from a meta-search engine like **Google Custom Search Engine** or **Surfwax**?
3. How are subject directories different from search engines?
4. Locate two subject directories on the web and list the URLs of your results
5. Why would you use a subject directory? Give two examples.
