## PRESENTATION DECISIONS

**Directions:** For this activity, you will determine if a multimedia presentation is an appropriate method of delivery for a stated purpose and use the purpose to make design decisions. Your teacher will work through the first scenario with you.

1. Susie wants to share information about her prom with her friends. They are coming over to her house later this afternoon and she wants to show off her dress and discuss restaurant and after-party options.

Appropriate?       Yes – Why?       No? – Why Not?

Classify the content and explain your answer.

Educational       Persuasive       Narrative       N/A

2. Susie had a great time at the prom and she wants to share the details of her exciting evening from getting her hair and nails done to the goodnight kiss her date gave her when he walked her to the door.

Is this information appropriate for a multimedia presentation? Why or why not?

Appropriate?       Yes – Why?       No? – Why Not?

Classify the content and explain your answer.

Educational       Persuasive       Narrative       N/A

Name: \_\_\_\_\_ Period: \_\_\_\_\_ Date: \_\_\_\_\_

3. James needs to present his senior project to a group of community leaders. He is planning to explain the purpose of his project, the process he implemented to research and experiment with his project, and his final results and recommendations. The project is entitled Counting My Lucky Stars and is about his journey to space.

Appropriate?       Yes – Why?       No? – Why Not?

Classify the content and explain your answer.

Educational       Persuasive       Narrative       N/A

4. Lars is preparing a speech for the grand opening of his new fitness center. He plans to describe why he is opening the center, why he chose the name he chose, and thank all of the people who supported him during the planning and construction process.

Appropriate?       Yes – Why?       No? – Why Not?

Classify the content and explain your answer.

Educational       Persuasive       Narrative       N/A
